Australia is known for its interesting wildlife. Many quite unique animals call it home like koala, kangaroo, emu, kookaburra and platypus.

About Australia

Australia is a country well known for its wonderful nature, many opportunities for adventure and exploration, mild climate and high standard of living. From exploring the great outback, being paranoid about various wildlife you might encounter and enjoying vibrant cities. There will be many things to occupy you during those study breaks.

Endeavour Postgraduate Scholarships in Australia for International Students

Master, PhD and Postdoc studies

Professor Tao Xu wanted to research the causes behind coal mine explosions that take thousands of lives worldwide annually. He became one of the Endeavour fellows and has successfully taken up the challenge of contributing to understanding this catastrophe. He has developed work that is gaining its deserved recognition. He is just one of many scholarship holders that were able to find funding and support needed to realize their research, while at the same time discovering all that Australia has to offer!

What it entails!

The applications usually open in late April every year!

What does it offer?

- Scholarship awards travel allowance, establishment allowance, monthly stipend, health and travel insurance.

Fine print

- <https://internationaleducation.gov.au/endeavour%20program/scholarships-and-fellowships/pages/default.aspx> You can also visit Consulents website and set up email reminders for this scholarship, so you do not miss application deadlines.

The Research Training Program (RTP)

Master, PhD and Postdoc studies

The Research Training Program is a scholarship scheme financed and supported by the Australian government's Department for Education and Training for both local and international students to pursue their research Master and PhD degrees at Australian Universities. The aim of the scholarship scheme is to help support training of students that will result in graduates with skills needed to build their careers in academia or other parts of the labour market and to among other things support international students that wish to pursue their postgraduate education in Australia.

What it entails!

The applications usually open in late April every year!

What does it offer?

- The scholarship will depend on the University and program you apply to, but will usually provide either all or one of the following: covered tuition, monthly living costs stipend and allowances that are related to costs of core activities of research degrees.

Fine print

- Each University has its own selection and eligibility requirements, as well as their own application procedure, so make sure you visit the website of the University you are interested in applying to, to find out more about how to apply.

Australia Awards Scholarships

Undergraduate and Postgraduate studies

This is an amazing scholarship scheme supported by the Australian Department of Foreign Affairs and Trade that aims at contributing to the development needs of the countries that Australia has partnership with. In order to achieve this, the scholarship scheme offers the opportunity of financing talented students from eligible developing countries to pursue a full time Undergraduate or Postgraduate course at Australian Universities. They aim to give opportunities for study and research that will give talented people the skills and knowledge that they need to contribute to development goals and find a list of eligible Universities you could study at and that are covered by the scholarship scheme <http://dfat.gov.au/about-us/publications/Pages/australia-awards-participating-institutions.aspx> <http://dfat.gov.au/people-to-people/australia-awards/Pages/australia-awards-scholarships.aspx> for their countries of origin.

What it entails!

The applications usually open in late April every year!

What does it offer?

- The scholarship covers costs that are needed to finish the offered education, as well as any preparatory education you might need to go through to attend the program, including the 4-6 weeks Introductory Academic Program on life and studying in Australia and if necessary fees of english preparatory courses. The scholarship usually covers full tuition fees, round trip airfare, one time only establishment allowance payment to contribute towards accommodation and study material costs. It also covers a fortnightly contribution to basic living expenses and health insurance. Additional academic support may be available to help you reach that academic success and make the most out of your studies.

Fine print

- The application process will depend on the country of your origin, as well as the eligibility criteria and the programs that are covered by the scholarship scheme. Depending on the country that you are from, you will either have to submit an application online or by mail. You can find more information about how to apply around May, although this can vary from country to country. You can find more information about application deadlines and <http://dfat.gov.au/people-to-people/australia-awards/Pages/how-to-apply-for-an-australia-awards-scholarship.aspx> for this scheme here. For many countries applications open around February and close <http://dfat.gov.au/people-to-people/australia-awards/Pages/australia-aw>

Canada is a country that will leave you in awe with its amazing nature and a peaceful and high standard of living. It borders three oceans Atlantic, Pacific and Arctic and has very diverse landscape from coast to coast. As you can imagine there are a lot of sights for nature lovers to explore. Canada is an internationally diverse country and is also bilingual with English and French being official languages, so if you are a language lover you will also have the opportunity to practice and interact with people in many different ones!

The education is of high quality, degrees are internationally recognized and there are many opportunities for professional alongside academic development available as well. With all of this you can get an idea of why Canada was proclaimed by United Nations as one of the best countries to live in.

A person wearing a white lab coat is shown from the chest down, pointing their right index finger towards the right side of the frame. The background is a blurred white surface.

About Canada

Canada is well known for its winter sports, but did you know that it holds the record for the most gold medals ever won at the Winter Olympics. Vancouver Winter Olympics in 2010 were very successful for Canada as they managed to win 14 Gold medals.

The Pierre Elliott Trudeau Foundation doctoral scholarships

PhD studies

Trudeau is one of the most prestigious scholarship awards in Canada that gives up to 15 Canadian and International student's financial support for pursuing their PhD studies in Canada. In order to be eligible for the scholarship your research has to be related to one of the four founding themes that the foundation wants to explore human rights, natural environment and responsible citizenship.

What it entails!

The applications usually open around September, and you have to be nominated by a Canadian or a foreign institution for the scholarship.

What does it offer?

- This scholarship has many benefits, but let me mention just some. It offers funding of 40 000 \$ per year for three years, 20 000\$ for both research and travel allowance per year for three years. You get to be part of their community and attend events where you get to share your ideas and research. Mentorship and networking opportunities to meet past fellows and other researchers are also included. This is an amazing opportunity to both acquire a financial support for living and research, but also a social one as well.

Fine print

- The applications usually open around September, and you have to be nominated by a Canadian or a foreign institution for the scholarship.
- In order to be eligible you have to be a full-time first or second year student enrolled (or in the process of enrolling) in a doctoral program in the humanities and social sciences. Up to one scholar in four per given year may be a foreign national enrolled full-time in a doctoral program at a Canadian institution

Vanier Canada Graduate Scholarship (Vanier CGS) program

PhD studies

The Vanier Canada Graduate Scholarships (Vanier CGS) program has been established by the Government of Canada to attract and retain world-class doctoral students, in order to promote Canada as a place of higher educational research excellence. The program targets Canadian citizens, residents and foreign students with developed leadership skills and excellent scholarly achievement in graduate studies in the fields of social sciences and/or humanities, natural sciences and/or engineering and health.

What it entails!

The scholarship value is of 50 000 Canadian dollars per year for 3 years.

What does it offer?

- In order to be considered for this scholarship you do need to be nominated by one of the Canadian Institutions that are covered by the scholarship program. Each Institution has a certain number of scholarships annually that are to be awarded to students in one of the eligible fields of studies.

Fine print

- Each institution has its own deadline for submitting an application for the program and the scholarship so make sure you find out the deadline for your university. The institution you have chosen than has an internal selection process and decides who to nominate for the scholarship. They usually have to nominate you for the program until around November.
